

Joshua Tree Adventure

The Adventure

If you have never been to Joshua Tree before you'll be amazed at first site as you enter the park and feel like you've landed on another planet. As you look around at your surroundings it appears as if someone came out and created stacks of rocks and surrounded them by these very unique looking trees.

During your stay in the park you'll have ample time to take in the beauty both from the ground and from high a top some of the best formations there. We'll spend time rock climbing, rappelling, traversing and hiking some of the best routes in the area. You'll also get to experience the majestic desert nights at our campsite.

Itinerary

You will meet your guide at **8:00 AM** at Hidden Valley near intersection rock. Upon arrival you will go through a brief gear check and administrative process. Once this is complete you'll have all morning to try out some of the greatest climbs in the area and your guide will constantly change routes depending on everyone's abilities and preferences.

Your guide will provide a nice picnic lunch that you can enjoy rock side while the group decides where to go and what to do for the afternoon. The direction for the rest of the day is in the hands of the group and can be more climbing at a different area, some traversing and rappelling or a bit of hiking in the park. If you are on a multi-day program you will head to a pre-existing camp and enjoy some nice snacks and relaxation before a freshly prepared hot dinner.
