

Adventure News October 2010

Kilimanjaro - Machame Route

Kilimanjaro, the highest mountain in all Africa at 19,340 ft, dominates the north-eastern marches of Tanzania. If you stand at its snow-encrusted summit, with an unrestricted view in all directions, you gaze upon a remarkable tract of land, its limits defined only by the curvature of the earth and the haze of distance, out to a distance of 200 kilometers. A journey up the slopes of Kilimanjaro takes you on a climatic world tour, from the

tropics to the arctic. The grassy cultivated lower slopes turn into lush rainforest inhabited by elusive elephant, leopard, buffalo and antelope. Private departures are available for groups of 2 or more with the best time of year to climb being June - October or January - March.

Team Building - Corporate Training

In addition to adventure experiences TST also specializes in corporate development and team building programs. We provide innovative group experiences that aim to enhance the operational efficiency of any organization. All of our programs are customized for your companies needs to accomplish overall success and company goals.

*"Our outdoor team building experience was an ideal way to get our team to become a cohesive unit...but also made our entire team work on trust, communication, and of course safety."* - Mike Garza - CEO Aero Design

News and Notes

- Meet our new Operations Manager, Andrew Roberts. Andrew is responsible for all of our local adventures including the climbing programs and instructional curriculum. Learn more about him [HERE](#).
- Fall group climbing special - Receive 40% off group climbing session when you mention the October newsletter. To sign up click [HERE](#).

Recent Adventures

The Southern Terrain recently returned from Catalina Island. This adventure was the first to include the zipline eco tour. If you missed this Catalina Hike and Kayak trip, don't worry, it is offered again in 2011 starting in April.

The Southern Terrain Gives Back

We are now offering treks up the "Ring of Fire" volcanoes in Ecuador. Following along with TST's philosophy of giving back locally to where we take our clients we've established travel credits locally in Ecuador through I Journey Green. We give

back to the Ecuador Rainforest Project, The Sarayacu People in Ecuador Project and also provide micro finance loans to the people of South America to help out people living below the poverty level.
